

www.wisewoodjuniorsfc.co.uk

To our Dear Friends at Adler Riemke...

We have been watching for the last week, the horrendous tragedy and events connected with the flooding in Germany not too many miles away from Bochum.

People at our club have asked us to send a letter from them and the club to say all our thoughts are with you and with the families of the people who have died, are injured and are still missing as well as the damage to the infrastructure and properties. It is truly heart-breaking...!!

When this 'crazy' world hopefully gets back to some normality, we look forward to being able to meet up with you all and resurrect our exchange visits for the youth development between our 2 clubs...

Our sincere condolences in these tragic circumstances.

Wisewood Junior Football Club on behalf of ourselves and our members.

Regards

Nik
